**DECLARATION OF COMMITMENT**  
**to the European Charter for researchers and**  
**Code of Conduct for the Recruitment of Researchers**

The Moldova State University, represented by Rector, Professor Gheorghe Ciocanu, welcomes and fully supports the initiative of the European Commission concerning the Commission's Recommendations of the 11<sup>th</sup> of March 2005 on the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers.

By endorsing Charter & Code, the Moldova State University recognizes the value of its principles and willingly commits itself to applying for them.

Several of the general principles, proposed by Charter & Code, are a common practice at the Moldova State University. However, in adhering to the above mentioned recommendations, the Moldova State University will reinforce its effort to create the pertinent framework within which its researchers would develop their careers while at the same time contributing to the development of the European Research Area.
