

**Declaration of Commitment of CNC to the European Charter for Researchers
and the Code of Conduct for the Recruitment of Researchers**

The Center for Neuroscience and Cell Biology (CNC), having taken knowledge of the general principles and requirements contained in the Commission Recommendation of 11 March 2005 on the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers, hereby expresses its full endorsement to this Recommendation.

By adhering to the Recommendation, CNC commits itself to uphold the references and principles set out in these documents, and to raise awareness of them among its researchers and the other research centers associated with the University of Coimbra.

By subscribing to the Charter for Researchers and the Code of Conduct, the Center for Neuroscience and Cell Biology ensures the enforcement of the stated principles, in order to contribute to the establishment of an open and attractive European Research Area.
