

Steps to take

1. Review all relevant documentation before you start your application
2. Ensure that you meet INSPIRE eligibility criteria
3. Submit your Expression of Interest form
4. Identify a research proposal within the remit of APC Microbiome Themes with a global challenge.
5. Contact an INSPIRE Supervisor with whom you would like to work on your research project
6. Ensure that your research project can be implemented and completed within a two-year period
7. Organise a 3 – 6-month secondment with an appropriate host institution
8. Download and complete the relevant application templates (available on the INSPIRE website once the Call is open: 30th June 2022)
9. Submit your application before the call deadline 30th September 2022
